**TESTIMONIAL**  
of a new  
Eldo Urban  
resident!

Our move to Eldoraigue has been nothing **short of life-changing**. Coming from an area where crime was high, daily life often felt restricted. We couldn't walk freely outside or even take the dog for a stroll without worry. Simple activities that should bring joy were overshadowed by concerns for safety.

Since joining the Eldo Urban community, everything has **changed**. We now enjoy clean streets, safe surroundings, and the freedom to spend time outdoors without fear. It has been refreshing to experience a neighbourhood where residents take pride in their environment and where safety is valued.

Another aspect that has made a real difference is having a ward councillor who is visible and actively engaged in the community. Even though the municipality does not always cooperate, it is encouraging to see service delivery happening and to know that leadership is present and invested in our area.

Most of all, we want to extend a heartfelt thank you to everyone who contributes to keeping Eldo Urban safe and clean. From community members who play their part to those leading efforts behind the scenes—your hard work is noticed and appreciated. It is this collective commitment that makes Eldo Urban not just a place to live, but a community to be proud of.
